You will be asked to create a profile to help us better match you to a mentor lawyer. If you do not receive a welcome email from MentorCity within 2 days after enrolling (check your spam folder), please contact the branch.

While we cannot guarantee a match based on your preferences, we encourage you to indicate if you would prefer a lawyer of a particular gender, if you are Indigenous, have a learning or physical disability, or are part of the 2SLGBTQ+ community, and we will do our best to arrange a good match.

Next:

- You will receive details of your “match” by November 2. Be sure to follow-up with your Mentor via **email** at that time. Ask your mentor how they would like to proceed, which forms of communication work best, etc.
- Any issues - contact the branch so we can help you have the best experience possible.
- MentorCity works best with Google Chrome and is compatible with all mobile devices.
- Reminder: This program is not for the purpose of finding a summer or articling position.
